

README

Thank you for purchasing the **FPS Animation Framework**! This asset includes 2 versions of the framework.

To get started, make sure to follow these steps:

1. Get the [GitHub demo project](#).
2. Get the [documentation](#).
3. Open up the demo project and import the **FPS Animation Framework** package.
4. All errors should be gone at this point.
5. Rebuild the lighting
6. You are good to go!

(!) If you have any questions, please, use our [Discord](#) or [support email](#).
